

## **Maria Droste Counseling Center**<sup>SM</sup>

**Position:** Behavioral Health Care Clinician/LCSW

**Reports to:** Integrated Care Director

**Supervises:** Graduate and postgraduate therapists

**Position Hours:** Full time

**Position Open/Close:** 03/05/21 - 04/02/21

**Maria Droste Counseling Center collaborates in healing Coloradans struggling with mental health, regardless of their ability to pay.** We collaborate with partner sites in the community to bring mental health services to where people already live and receive care, including schools, medical settings, senior living facilities, affordable housing, and family justice centers.

**Job Summary:** This position seeks to provide a clinician to support our growing need for counseling services for older adults and adults with disabilities in residential settings or receiving outpatient medical services with our partners. Clients represent diverse backgrounds, may have chronic health conditions or disabilities, and primarily have Medicare coverage. This position includes in person and telehealth counseling services. This position requires high quality of treatment services and evidence based assessment and intervention, alongside coordination of care with other healthcare professionals. This includes supervision of one or more advanced graduate or postgraduate trainees providing direct counseling services to the similar population. Additional responsibilities include case management, with attention to whole person care. Ability to work autonomously but also well in small team environments is critical. As is strong ethical and clinical skills, ability to manage and maintain a required caseload, and flexibility to adapt and communicate in multiple settings.

### **Essential Duties and Responsibilities:**

- Direct Clinical Services (80%): Individual and group counseling, case management
- Program Development (10%): Advising on assessments, interventions, training.
- Clinical Supervision (10%): Supervising graduate or postgraduate level therapists

### **Knowledge, Skills & Abilities:**

- Experience providing counseling and crisis intervention treatment to adult clients.
- Experience providing behavioral healthcare services in a medical or housing setting or experience coordinating care with other health care and paraprofessionals.
- Experience and knowledge around serving older adults and/or people with disabilities or chronic health conditions.
- Sensitivity to and committed growth toward multicultural competency.

- Passion for working in a non-profit setting, developing new programs and service lines, nurturing clinicians and advancing the mental health workforce for underserved populations.
- Outgoing, innovative clinicians who are comfortable with outreach efforts required; working effectively both independently and as part of a team.
- Experience working in an electronic health record, and learning new systems.
- Current Medicaid/Medicare or eligible providers preferred.

**Education:**

- MA or doctorate degree in Social Work, and LCSW in the state of Colorado

**Credentials:**

- Licensed Clinical Social Worker (Required)

**Hours, compensation and benefits:**

- Salary commensurate with experience
- Flexible and remote schedules as appropriate
- Vacation/personal days/Mental Health Days, 100% paid Employee healthcare benefits, 403b plan, gym on site
- Professional development opportunities
- Access to clinical professionals for consultation and support
- Mission oriented organization with strong reputation in the community
